ANNUAL REPORTS

OF THE

SELECTMEN,

Town Treasurer, School Treasurer, Trustees and
Treasurer of the Public Library, and the
Board of Education,

OF THE

TOWN OF DURHAM,

FOR THE

Financial Year Ending February 15, 1904,

WITH THE

Vital Statistics for 1903, as prepared by the
Town Clerk.

DOVER, N. H.:

H. E. HODGDON, PRINTER.

1904.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Durham, in the County of Strafford, in said State, qualified to vote in Town affairs.

You are hereby notified to meet at the Town Hall in said Durham, on Tuesday, the eighth day of March, next 1904, at ten o'clock in the forenoon, to act upon the following subjects, viz.

1. To choose a Town Clerk, three Selectmen, Town Treasurer, Collector of Taxes, and all other necessary town officers for the ensuing year.

2. To see if the town will vote to furnish Electric Lights in Packers Falls, from the Newmarket line near the residence of Eben M. Davis, to the residence of George E. Dame, a distance of about two miles agreeable to a petition signed by Eben M. Davis and eleven other legal voters.

3. To see if the town of Durham, N. H., will accept the conditions of a legacy of one hundred dollars, from the late Susan R. Wilson, for the care and improvement of her burial lot in Durham, and authorize the Selectmen to receipt for the money.

4. To see if the town will vote to authorize the Selectmen to purchase a strip of land of Charles L. Gray, for the purpose of using it for a piece of new road, and to build the same, beginning at a point

near the Cheswell gate, on the highway leading from the residence of Andrew Bell, to Durham Point, and extending for a distance of about 30 rods to another point on the above highway, thus avoiding a rough, ledgy section of the old highway, and to discontinue the latter.

5. To see if the town will vote to authorize the Selectmen to cause a highway map of the town to be prepared, and to appropriate money for the expense of the same, agreeable to chapter 133 of the Session Laws of 1903.

6. To see what sum of money the town will vote to raise to pay necessary Town Charges.

7. To see what sum of money the town will vote to raise for the repair of highway and bridges.

8. To see what sum of money the town will vote to raise and appropriate to defray the expense of observing Old Home Week, agreeable to chapter 17 of the Session Laws of 1901.

9. To see if the town will vote to allow a discount on Taxes paid before July 1, and how much.

10. To see if the town will authorize the Selectmen to contract for the lighting of the highway leading from the New Market road near the house of David H. Fogg, to the top of Mill Hill (so called) thence to the brook, near the houses of A. D. Page and J. B. G. Dame, passing over the road known as the Durham Point road, with no less than fifteen lights. Contract to date not later than May 1, 1904, and appropriate a sum of money sufficient for the same, agreeable to a petition signed by James D. Meader and thirteen other legal voters.

II. To transact any other business that may legally come before the meeting.

Given under our hands and seal this twentieth day of February, in the year of our Lord, One Thousand Nine Hundred and Four.

F. E. DOE,

C. E. HOIT,

IRA B. HILL,

Selectmen of Durham.

**PERMANENT HIGHWAY IMPROVE-
MENTS.**

Amount voted and raised..... \$300 00

Under this head, two good jobs were completed during the past year: one, under the management of Mr. Albert Demeritt, relaying three culverts at an expense of \$30.25, one half of this expense was contributed by Mr. Demeritt, and the balance paid by the town.

The second job was under the management of Prof. C. H. Pettee, cutting down the hill near the residence of Dr. A. E. Grant, and filling in and raising the grade at the foot of the hill. The cost of this work was \$257.46, one half of this outlay was met by the combined contributions of the following named persons:

J. T. Bickford, Daniel Chesley, Albert Demeritt, A. E. Grant, E. H. Hancock, J. H. Hawes, A. E. Meserve, W. S. Meserve, F. P. Morrison, F. W. Morse, C. H. Pettee, C. A. Read, C. W. Scott, C. M. Weed.

On the above improvements, the expense of the town was one half the total expended.

Paid A. C. Place, Lumber Co.

TWELTH ANNUAL REPORT
of the
DURHAM PUBLIC LIBRARY.

The trustees of the Durham Public Library submit the following annual report for the year ending Feb. 15, 1904.

Miss Mary E. Smith resigned her position as Librarian at the March meeting of the trustees, after eleven years of efficient and generous service.

Resolutions of appreciation were passed and she was made Honorary Librarian and a standing member of the book committee, on which she has ably served during the year.

Miss Charlotte A. Thompson was elected as Miss Smith's successor and has successfully filled the position since March 21, 1903. Her salary was fixed at one hundred and fifty dollars. At the March meeting it was voted to open the Library on Saturdays and Wednesdays from 2 to 5 o'clock in the afternoon and from 6.30 to 8.30 in the evening. While this has added somewhat to the running expenses, it has proved to be a pleasure and convenience to the public.

Two hundred and twenty five dollars are required for books, the sum of fifty-two dollars and fifty cents will be needed for insurance Nov. 1, 1904, the sum of one hundred and fifty dollars will be needed to pay

the librarian and seventy dollars for incidentals for the ensuing year.

The donations to the Public Library and also to the Durham Library Association are shown in the following tables and the report of the Librarian is also tabulated for greater convenience.

Respectfully submitted,

CARRIE E. BUZZELL, Sec.

JOSHUA B. SMITH, Treas.

Durham, N. H., Feb. 9, 1904.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the School District of Durham, N. H., qualified to vote in District affairs.

You are hereby notified to meet at the town hall in said district on the twelfth day of March, nineteen hundred and four, at two o'clock P. M., to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of board of education for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To see what sum of money the district will vote to raise in addition to that required by law for the support of public schools and repairs of school houses.
6. To see whether the district will vote to establish and maintain a High School, and appropriate money therefor.
7. To choose such auditors, agents and committees as the voters may deem necessary for the management of the affairs of the district.
8. To transact any other business that may legally come before said meeting.

Given under our hands at said Durham, this 23rd day of February, 1904.

ALBERT E. GRANT.

CHARLES S. LANGLEY.

CLARENCE M. WEED.

School Board.

REPORT OF THE SCHOOL BOARD.

After several years of efficient service Superintendent George H. Witcher resigned in December to take charge of the Berlin, New Hampshire, schools. The place thus made vacant was filled by the Joint Committee of the Supervisory District in the election of Mr. W. B. Sprague of Cambridge, Massachusetts. Mr. Sprague is a graduate of the Albany Normal College and Harvard College, and has had experience in teaching and supervision in schools varying from the country district schools to city grammar schools and city high schools. He comes to us with the fullest endorsement of his former associates and has begun his work in a very promising way.

During the year now closing we believe the Durham schools on the whole have made fair progress. The pupils have shown an active interest in their work, as a result of the efforts of their teachers. A few changes in the teaching force have been unavoidable, but the school work has not been seriously interrupted at any time.

The heating plant in the Village school has stood the test of the severe winter satisfactorily. When schools in neighboring cities were closed on account of the cold, the Village school has continued in session in rooms comfortably heated. It became neces-

sary to paint the Packers Falls school-house during the summer, but this was done by means of the year's appropriation without incurring a deficit.

The question having been raised as to whether the pupils completing our eighth grade were prepared to go on with the work of the high schools in neighboring cities, inquiry was made of the principal of Robinson Seminary, Exeter, where several Durham pupils have been attending from one to three years. In reply Principal Cross wrote: "The record of the Durham girls is an excellent one. But one has ever failed in any study and several now have honor rank. My impression is that the Durham girls have come to us well prepared." He added that he would be glad to admit pupils from our eighth grade on certificate signed by our Superintendent.

The intermediate and grammar grades in the village have been fortunate in having, without cost to the district, special instruction in drawing by Miss Castine C. Swanson, and in singing by Mrs. W. B. Sprague. This has been made possible partly through the generosity of these instructors, and partly through the financial help of one interested in the schools. Dr. Grant has also supervised the work in physiology, without charge. These grades through the contributions of a number of friends, have been supplied with twenty-five pairs of wooden dumb-bells for gymnastic exercises.

HIGH SCHOOL TUITION.

The rapidly increasing expenditure for high school tuition has led many of our citizens to ask if the people of Durham are not sending out of town enough money to maintain a high school at home. Begin-

ning next September the town will be liable for high school tuition for twenty-five pupils, there being fourteen or fifteen to enter in the new class. and only three or four to graduate from the high school. On the supposition that fifteen of these go to Dover and ten to Exeter, the cost for tuition at present rates will be

15 pupils, Dover, at \$36 00	
each.....	\$540 00
10 pupils, Exeter, at \$30 00	
each.....	300 00
	<hr/>
Total	\$840 00

In addition to this the parents or guardians of these pupils will have to spend for railway fare the following.

15 pupils to Dover at \$22 50	
each.	\$337 50
10 pupils to Exeter, at 29 50	
each.....	295 00
	<hr/>
	\$632 50

Adding these two amounts the total cost to the citizens of Durham will be

Tuition.....	\$840 00
Railway fare.....	632 50
	<hr/>
Total	\$1472 50

This money goes out of town, not to come back. There are also additional expenses to the parents for better clothes than would be needed at a home school and for lunches or meals at noon. Besides there are

serious objections to having children of high school age spending so much time in waiting at city railway stations, and to their being away from home so large a part of the day.

A careful estimate of the cost of maintaining a high school at home gives these figures:

Principal's salary.....	\$800 00
Assistant's salary	400 00
Janitor and fuel	120 00
Books and supplies.....	100 00
<hr/>	
Total	\$1420 00

Almost all of this money would be spent in Durham, helping to build up the town.

It is plain from this statement that the citizens of Durham are now spending as much money as would maintain a good high school in our midst. Evidently the reasonable thing to do is for the parents to turn into the District treasury for the support of a high school the money they are now spending in railway fares. Nearly all the parents have expressed a willingness to do this, and it is expected that at the next school meeting, a definite offer in writing of at least \$400.00 a year for four years will be made to the District, for the maintainance of a high school. Several of the parents also agree to donate desks for the fitting up of the school room, and enough other desks which are not in use are already owned by the District.

To the citizens who are considering the advisability of accepting such a proposition this Board would call attention to the following facts:

The one great principle underlying our American

school system is that of *an equal opportunity for every child*.

Our present high school system practically says to each child of high school age, "If you can afford to pay the carfare to Dover or Exeter, you can go through the high school; if not, you cannot."

It discriminates against the less fortunate child who presumably needs the opportunity most.

Our present system makes it easier for the child living near the railway station to go to the high school than the one living farther away. The number of high school pupils is certain to increase in future years.

Superintendent Sprague has had experience in teaching in some of the best high schools in America and is eminently fitted to organize the work in a successful manner.

The State Superintendent of Public Instruction has assured us that if the proposed plans are carried out the school will be placed on the official list of Approved High Schools.

As to the cost of teachers one of the largest teachers' agencies in the country wrote us.

"For a competent man as high school principal you ought to pay \$800 or \$900, but might be fortunate enough to secure a really excellent man for \$700. For a woman assistant you should pay from \$400 to \$450. A lady with one year's successful experience might be available at that salary."

Such a high school would so complete our school system that Durham would become one of the most desirable places of residence in the state. It would tend to build up the town. Under the present system the moving in of a family with children of high

school age is likely to mean an added burden to the town.

The financial statement of the schools will be found in the accompanying statement of the treasurer. All bills presented before the books were closed February 15, have been paid, with a balance of school funds of \$501.26 now in the treasury. This will pay all bills up to the end of the winter term, and leave a small amount in the treasury, both on the school account and on the tuition account.

ALBERT E. GRANT,
CHARLES S. LANGLEY,
CLARENCE M. WEED,
School Board.

REPORT OF SUPERINTENDENT.

TO THE SCHOOL BOARD:

Gentlemen:—In presenting my last report, which covers that part of the year included between February 14th, 1903 and January 1st, 1904, I wish to express my appreciation of the generous treatment I have received at your hands, especially in releasing me to accept the position offered me in Berlin, New Hampshire. I also am greatly impressed with the evident satisfaction of the several boards that make up the Joint Supervisory Board as formulated in the resolutions passed approving of the scheme of work which has been introduced in the schools of this district.

So far as the schools of Durham are concerned I may be pardoned if I very briefly outline their condition now and eight years ago. At that time the Durham Grammar School had no recognized standing in any of the surrounding towns, and pupils were not taken on certificate from here into the high schools in either Dover or Exeter. Now the graduates of this town are recognized by high school authorities as fully prepared to take up high school work, and as elsewhere suggested are found to be among the leaders in their respective classes.

This is all the more a cause for rejoicing because we emphatically claim that the methods here in use are not the time honored ones but are a decided departure from the education that values information more than training. It has been the belief that a

mind trained to observe, to think and to express its conclusions is a mind capable of holding its own in any position. While rule and definitions have little part in the training that has prevailed in Durham for the past five or six years, the aim has been to develop self-reliant thinking and an ability to reason from cause to effect; power to see things in the natural world and to note their relation to each other and to mankind; and it has been our belief that pupils thus trained will be able to meet all the reasonable requirements of life either in school or out.

It is with no little satisfaction that I note the determination of the Joint Board to continue the work thus started, and I feel sure that the schools will constantly improve under the management of my successor.

Respectfully presented,
G. H. WHITCHER.
